RAPTOR RESEARCH FOUNDATION MEETING

The Raptor Research Foundation is an organization whose purpose is to stimulate the dissemination of information concerning raptorial birds among interested persons worldwide and to promote a better public understanding and appreciation of the value of birds of prey. Towards this objective, we are holding our annual meeting on 28-31 October 1987 at Boise, Idaho. The meeting will feature a symposium on the migration of raptors in western North America. General paper and poster sessions will follow the symposium. The Conference Committee Chairperson is Rich Howard, U.S. Fish and Wildlife Service, 4696 Overland Rd., Rm. 576, Boise, Idaho 83705 (Phone number 208/334-1888).
