HAWK MOUNTAIN RESEARCH AWARD

The Hawk Mountain Sanctuary Association is accepting applications for its eleventh annual award for raptor research. To apply for the \$750 award, a student applicant should submit a brief description of his or her research program (five pages maximum), a curriculum vitae, and two letters of recommendation to Stanley E. Senner, Executive Director, Hawk Mountain Sanctuary Association, Rte. 2, Kempton, Pennsylvania 19529. The deadline for applications is October 15, 1987. The Association's board of directors will make a final decision early in 1988. Only students in degree-granting institutions are eligible to apply; both undergraduate and graduate students may apply. The award will be granted on the basis of a project's potential to improve understanding of raptor biology and its ultimate relevance to the conservation of North American raptor populations.
